MUNYON'S TURKEY SEEMS

FREE DISTRIBUTION

Official Investigation Begins To-Day.

5,000 BOTTLES OF HIS PAW PAW REMEDY

To Be Given Away From the Office of the Globe-Democrat.

Distribution Closes To-Day, Tuesday.

Professor Munyon invites every dyspeptic and all those who suffer from indigestion or any stomach trouble to call for a sample bottle.

HIS PAW PAW REMEDY,

He says, will enable every one to eat what they like, all they like and when they like.

A NERVE BUILDER

Nothing ever discovered will so quickly soothe and strengthen the nerves as Munyon's Paw Paw Remedy.

FEEDS THE NERVES

This remedy is really a food as well as a stimulant to the nerves.

- If you can't sleep, try it.
- If you are nervous, try it.
- If you are broken down, try it.
- If your blood is impure, try it. If you have dyspepsia, try it.
- If you have catarrh, try it.
- If your liver is clogged, try it.

As we announced Saturday and Sunday, the free distribution of Munyon's

new Paw Paw Remedy begins this morning from the office of the Globe-Democrat. It is doubtful if any man ever evinced

such confidence in his remedy as Prof. Munyon. He does not leave any room for doubt. He does not ask the public to buy on faith. He openly invites the closest investigation. He says to the public: "Here is the remedy which 1 ciaim will relieve and cure certain diseases. I do not ask you to buy. Here it is, Help yourself, All are welcome. After you have tested it, send in your | zinc ore during the week was 1.165 tons experience to any leading newspaper, that the same may be published to the world."

Prof. Munyon believes that the same guarantee should go with every bottle of his Paw Paw that goes with a yard the ore badly enough to buy it and advance of cloth or a pound of sugar. In other | money upon it, they do not want to ship words, he says that when a man offers to sell a cure, it should CURE just as ers have some card up their sleeve to play certainly as when a lady purchases a against the new ventures in the smelting yard of silk she receives silk and not field. cotton. He says there is nothing the people have been so much humbugged in as medicine. He is not prejudiced in favor of or against any one "path."

Naturally everybody is very anxious to test this new life-giving medicine. From what an eminent actor says, this Paw Fruit, is likely to make an old stomach almost as good as new. The this company was figuring on entering the "Practical Druggists" and "Review of Reviews" speak of Paw Paw as most remarkable for curing indigestion and all stomach troubles.

The natives of India and South America use the leaves for packing ground meat to make it tender. It seems to digest everything that it

touches. Will it prolong life? That is the

Prof. Munyon says that his Paw Paw Remedy not only enables any one

to eat what they like and all they like, but it stops all waste of the nervous system. The Paw Paw feeds and nourishes them, so that the loss of the nerve force is almost imperceptible. By nourishing the nerves and preventing this waste, he claims that the average life should be more than "four score years."

He says that people who eat heartily, and digest and assimilate what they do eat, not only have good, rich, red blood, but strong nerves, and people who have strong nerves are never troubled with insomnia.

He says that the human body, instend of

WEARING AWAY, FRETS AWAY. Indigestion causes fretfulness, irritability, anxiety and despondency, All Gitt of which is grinding on the nerves and will wear away the nervous system just as much as a grindstone wall wear away a piece of steel. This certainly sounds sensible, and as this Remedy is made from the Paw Paw fruit and being entirely harmless, ev-ery ailing person should take advan-

tage of this liberal offer. We will thank all persons who accept a bottle of this remedy, if, after taking the same, they will kindly report the sults to this paper in order that we may publish the facts.

Remember that this distribution is going on at the office of the Globe-Democrat, and will close at 6 o'clock to-night. Don't neglect taking advan-tage of this great free offer.

Fighting Between Troops of Sultan and Those of Bulgaria Reported.

WARLIKE PLANS UNDER WAY.

Prince Ferdinand Sanctions Measures Which Portend Open Hostilities-Refugees Suffer Severely.

Sofia, Bulgaria, Oct. 4.-Serious news has been received here from the frontier of fighting between Turkish and Bulgarian sops at Demir-Kapia, both sides sus-

tacked the Bulgarian frontier post. Another version says the Turks pursued a number of refugees across the frontier. It is asserted that the Turks have frequently attempted to provoke hostilities. firing into Bulgarian territory and crossing the frontier to steal horses and theep

The War Office here is working at high pressure and 21,909 recruits will be called hree months before the usual time. Prince Ferdinand has sanctimed numer us other measures of a warilks nature.

All the cavalry, with the exception of a single regiment, which is stationed at Sofia, has been sent into the frontier districts, where are strong forces of artillery. Vigorous efforts are being made to pre vent bands from crossing into Turkish ter-ritory. Two bands which were sent back ave reached Sofia since yesterday.

Dispatches from the frontier received at volutionary headquarters report that the refugees in the mountains are in a condition through their pu by the Turks and cold and hunger. Many

AUSTRIA AND RUSSIA

TAKE FIRM STAND.

Vienna, Oct. 4.-As an outcome of the nference between the Czar and Empero Francis Joseph at Muevzsteg, the Govern ments of Austria and Russia have sen the following identical telegrams to the Ambasmdors of those countries in Constantinople. The telegrams were in part as follows:

"You were recently instructed to declare that Austria-Hupngary and Russia adhere to the task of pacification which they have undertaken and resolved to persevere with the programme drawn up at the beginning of the year, notwithstanding the difficulties hitherto oposed to its

"Both Powers are united in the deter mination to show that it is their firm resolve to insist upon the execution in their entirey to those reforms which were accepted by the Porte and which are calcuated to guarantee general security. In this connection you will receive detailed instructions without delay."

LEAVE SURPLUS ORE

Operators Are Puzzled to Enderstand the Maneuvers of the Lend and Zinc Purchasers.

REPUBLIC SPECIAL. less than the previous week, but fully that amount of purchased ore was left in the bins of producers throughout the district. The purchasing agents have assigned no cause for this action, and no complaint of a car shortage has been made, there-fore it is presumed that while they want it, for some reason of their awn. suspected by the producers that the smelt-

Various kinds of rumors reached Joplin during the week concerning smelting ventures in the gas field of Kansas. One unconfirmed rumor was that the La Harpe Spelter Company that started up a new smelters at La Harpe, Kan, only last month, had been sold to the American Zinc, Lead and Smelting Company, a New York syndicate, owning large land and remedy, which is made from the Paw lease interests in the Joplin mining dis-

It has been known for some time that this company was figuring on entering the smelting field, and the rumor is given credence for this reason. Another new smelter is to be started in chanute early the coming winter, and a project is on foot there to organize another company to enter the business of smelting zinc

ARMED BRITISH SOLDIERS IN STREETS OF WASHINGTON.

Novel Sight, Not Witnessed Since 1814, Will Be Seen When Honorable Artillery Arrives.

REPUBLIC SPECIAL. Washington, Oct. 4-The spectacle of armed British soldiers in the streets of Washington, which has not been viewed since August, 1814, when invading British ers burned the White House, Capitol and Library of Congress, will be seen next week when the Honorable Artillery Company of Leudon comes to the national capital, but on a much different mission. The English organization will be here guests of the Ancient and Honorable Artillery Company of Hoston, the United States prototype of the foreign body. For the local visit the fact that the minute-

men will act an associate bosts has added interest to the occusion. The Twentieth-Century peace pilgrin age of the Britishers through the same section their forefathers visited on an errand of war and destruction is made as a eturn compliment for the visit of the shoot

Boston men to England in 1894. From the time of their arrival in Boston, they will spend five days seeing the sights of the section where the Britsh signis of the section where the British arms were engaged disastrously in the opening days of the Revolution. Their riskt to Providence yesterday was the foretunner of numerous brief journers to the principal cities of the Fast, including New York, Washington and Niagara Falls, after which a brief jaunt into Canada will end their American tour and they will sail back to the "Tight Little Isle."

isle."

The only formal part of the local visit of the two companies will be a reception by President Roosevell at the White floure. Arrangements for this affair are under consideration, but have not yet seen determined. The reception will be seld Saturday next, October 10, at 2.30 o'clock in the afternoon.

EXCUSE me, Craymer, I am going to BOEHMER for my V. P. Ball shoes.

BAILEY SAYS HE NEVER FAVORED MR. CLEVELAND.

Characterizes Report as "Journalistic and Political Absurdity"-Thinks Gorman Available.

REPUBLIC SPECIAL. Dullas, Tex., Oct. 4-United States Senator J. W. Railey came to Dallas to-day after an absence of several months. He received a splendid welcome, amounting almost to an ovation, at the Oriental Hotel by political friends from over Texas

Mr. Balley is still out of patience with what he characterizes as a "journalistic and political absurdity"-the story recently sent out from New York that he favored Mr. Cleveland for the Democratic nomination for President next year. He declared emphatically that he had never favored Mr. Cleveland in any of his aspirations for the presidential nomination of the Democratic party, not even so far back as 1884, and if every man in the country now favored his nomination he

country now favored his nomination he would still be opposed to it.

"I consider Mr. Gorman the most available candidate we could nominate at this time," said Mr. Bailey. "It has been reported that I intend trying to fix things down here so as to have a Gorman delegation sent from Texus next year. There is no truth in this report either. I do not intend to take any active hand in next year's selection of delegates and probably will not be in Texas when they are chosen. with not be in regar when they are chosen.

"While I favor Gorman as the most available candidate. I would not regret it at all if Texas should send a delegation next year instructed for Senator John W. Donlels of Virginia. There is one of the grandest Democrats and ablest men in the United States to-day."

EXCUSE me. Craymer, I am going to BOEHMER for my V. P. Ball shoes.

Morton of Ninth District Makes Grading on Cut-Off Between the Contradictory Reports in Gambling Investigation.

INDICTED MEN LOSE STARS. JOINT TRACK ARRANGEMENT.

Captain Gaffney Secures Information That Warrants Drastic Measures-Will Prefer Charges to Board,

111,179 CONTRADICTORY REPORTS

MADE BY PATROLMAN. 4 Extracts from the report made . Captain Gaffney of the Ninth + ♦ District yesterday morning by Pa- ♦

"I asked my cousin whether he . . shot craps and gambled as much as ♦ he used to do. He replied that his ◆
 ♦ friend was a good shooter, and ◆ • something was said about a craps •

"Officer Cumpbell said that he .

♦ would take them to one, and Camp-• bell. Davis and my cousin went • · across the street to Hogan's. "I met Campbell about forty • • minutes later and we called in and • le went back to Jefferson and Cass avenues, where I left Officer Camp bell and my cousin, who said that • they were going back to Hogan's • to try it again.

In a postcript to the report, Mor-"The reason I made the false + • report was because I did not wish • to get my comrade in bad." •

The following report was submitted to Captain Gaffney by Fatrolman Morton the day following
the publication of the report that · officers of the Ninth District were · · seen gambling.

"I herewith report that myself . and Patrolman Campbell patrolled
 our heat together at all times on the night of October 1, and that . neither he nor I visited Hogan's
 saloon, nor did we see any other

W************** Patrolman Ernest L. Morton of the Ninth District was suspended yesterday morning by Captain Gaffney, under instructions from Chief of Police Kiely, for making a false report in connection with the investigation of alleged gambling by patrolmen in that district.

the investigation of alleged gambling by patrolinen in that district.

At the same time Patrolinen Campbell, Timke and Glynn, who were indicted Saturday by the Grand Jury on a charge of gambling, were suspended pending the result of their trials.

Chief Kiely stated last night that he would prefer charges against Morton at the next meeting of the Police Board.

The suspension of Morton was a surprise, for although he is Campbell's partner—that is, both officers patrol the same had not been mentioned in the matter.

When the slieged gambling was first called to the attention of Captain Gaffuny he asked Morton for a report, as it had been stated that Patrolinan Campbell hal visited Hogan's saloon while both me, were on duty.

DEATH OF MRS. EVEREST. Body Will Be Taken to Atchison

for Interment. Mrs. Marie M. Everest died of apoplexy Sunday morning at her home, No. 4723 Page avenue. She was the widow of Colonel A. S. Everest, formerly a prominent attorney of Atchison, Kan. She re-moved to St. Louis after the death of her husband, six years ago, to live near her daughter, Mrs. H. L. Magee, wife of the general superintendent of the Wahash

Railroad. The funeral ceremony will be held in the house in which Mrs. Everest died, after which the body will be taken to Atchison and buried beside that of her

UMBRELLA ROD AS WEAPON. Shea's Sight Endangered as Result of Fight.

With the steel rod of an umbrella Anion Yatta, of No. 2008 South Second street, prodded Cornelius Shea when they quarrelied at Seventh and Elm streets yesterday afternoon. The unusual weapon inflicted a painful injury, but did not destroy the sight of Shea's eye. He was treated at the City Dispensary and later was removed to the City Hospital. Tatta was arrested and is held pend-ing an investigation.

C. & A. and Burlington Nearly Completed.

Will Reduce Distance for Both Roads Between St. Louis and Kansas City and Save Bridge Charges.

REPUBLIC SPECIAL. Bloomington, III., Oct. 6-The local efficials of the Chicago and Alton have been advised that the work upon the new line of the Chicago, Burlington and Quincy between Mexico, Mo., and Old Monroe, has seventy-five miles and that track-laying

will commence shortly. New and improved track-laying ma-chines have been secured, which will enable two miles of track to be laid daily It is planned to have the new line in

operation by January 1.

A joint track arrangement has been perfected between the Alion and Buriling ton which will give both a short line be tween St. Louis and Kansas City. The tracks of the Alton will be used by both roads between Mexico and Kansas City while the new tracks of the Burlington will be used between Mexico and Old Mon roe, and thence to St. Louis, over the present line of the Burlington,

The Alton's line will be fifty miles short er between the two great terminals, and there will be enormous saving in Missis-sippi River bridge charges.

Mexico will be a terminal for both roads and all crews will be changed there. The Alton crews and engines will haul the Burlington trains over the former's tracks while the Burlington engines and crews while the Burlington engines and crews will hauf the Alton's trains over the Burlington's tracks. This will prevent confusion in rules, which might result if the crews were run through between St. Louis and Kansas City.

It is supposed that the adoption of Mexicu as a divisional point by the Alton will neriously affect mater, which is the present division headquarters.

ELECTRIC LINES IN TEXAS. Boston Capitalists Said to Have Big

Plans in Hand. REPUBLIC SPECIAL. Dallas, Tex., Oct. 4.-Information is furnished by reliable persons that the Roston syndicate that owns the electrical street railway properties in Dailas bus plans well advanced for the building of two Important interurban lines one to the outhward and one to the eastward from

Dailgs.

The line to the southward is projected to run to the large and excusive hunting and fishing preserve of the Dailss Fin and Feather Chub, distant tes miles, thence to Hutchins, from which place to continue

ner-that is, both officers patrol the same beat at the same time-Morton's name had not been mentioned in the matter.

When the alleged gambling was first called to the attention of Captain Gaffiner were on duty.

MAKES WRITTEN REPORT.

Morton submitted a written report to the effect that Campbell had been sinted that Patrolman Campbell him during the entire time that they were on the best, and that he, Campbell, had not visited Hogan's saloon.

Testerday, however, additional facts came into the possession of Captain Gaffiner who had been who Morton was said to have introduced to Campbell on the night of the alleged visit of Hogan's saloon.

Captain Gaffner summoned Morton into his office, and after being closely questioned by the Captain, made the following report.

I heresith seport that a the night of October L when I ben the night of the night of the posted with the Captains of the amount of the posted line. Most of this sum to be required of the people of Torrell and Forney.

Tangble details on these new interurban interprises are likely to be made public soon after the arrival of the new general manager of the Dallas over Northern Texas by the Boston sindleste, with the cleveland, O., syndicate that working in narmony and close alliance with the Cleveland, O., syndicate that owns the interurban line form Dallas over Northern Texas by the Boston sindleste, with the cleveland, O., syndicate that owns the interurban line form Dallas over Northern Texas by the Boston sindleste, which seems to be working in narmony and close alliance with the Cleveland, O., syndicate that owns the interurban line form Dallas over Northern Texas by the Boston sindleste, which seems to be working in narmony and close alliance with the Cleveland, O., syndicate that owns the interurban line form Dallas over Northern Texas by the Boston sindleste, which seems to be working in narmony and close alliance with the cleveland, O., syndicate that owns the interurban line form Dallas over Northern Texas by the Boston sindleste, when I see

Largest and Most Powerful Passenger Engines Ever Built.

REPUBLIC SPECIAL Washington, Oct. 4.-The Alton road has just received from the Baldwin Locomo tive Works two new express passenger en gines. They are the largest and most powerful ever built. There is nothing in the erful ever built. There is nothing in the world to-day to equal them. They have been built expressly for the expected heavy business of the World's Pair.

The duty of these engines will be to haul trains made up of twelve passenger cars and weigning about 50 tons, exclusive of passengers and baggage. Such a train will accommodate 200 persons, whose aggregate weight would not be less than lifty-seven tons, and, estimating their baggage at fifteen tons, the total weight of the train behind the engine will be 65 tons. Such a train will have to be hauled 10%; miles in two and one-half hours, making two stops and three slow-downs tous, Such a train will have to be haused lieb; miles in two and one-half hours, making two stops and three slow-downs for railroad crossings.

This will reduce the actual running time to two hours and twenty-four minutes and necessitate an average running speed of forty-six miles an hour.

A remarkable fragure which, in itself, is illustrative of the great size of these engines is the smoke box, which is no less than eight feet five inches in length. The tractive effort is 21,000 pounds—that is, if the tender draw bar were attached to a dynamometer it would register over fifteen tons.

ILLINOIS ELECTRIC LINE. Extension Plant to Be Built at Irv-

REPUBLIC SPECIAL surveyor of St. Louis, and J. R. Piersey president of the Illinois Southern Electric Raffway Company, are at Irvington, surveying for the \$200,000 power-house, ponds and yards, which are to be erected at that point. This is the main power-house. The sower-house itself will be 80 by 112 feet the pond 40 by 50 and a yardroom whi cover about six acres. Work on the pond will be commenced this work and material for the power-house will reach Irvington

for the power-house will reach Irvington the first of the month. This company how has a line from Evansville, Ind., to St. Louis, and will run a line from Vincennes, Ind., to St. Louis, via Salem, which will mass through Louisville, Kinmundy, Salem, Odin, Sandovsi and Centralia, and connect at Irvington for St. Louis.

Mr. Piersey states that after this work was finished they would begin an electric line from Nashville, Ill., to connect with his line at Irvington. Construction work will commence at once. The company will be bonded to the sum of \$2,00,00.

I. T. LINES MAY CONSOLIDATE. Fort Smith and Muscogee Lines Hold Commanding Positions.

REPUBLIC SPECIAL.

Muscogee, I. T., Oct. 4.—It is stated that the Fort Smith and Western Railroad now operating between Fort Smith and Gothrie, and the Muscogee-Southern, from Muscogee to Fort Smith, are to be con-

Muscogee to Fort Smith, are to be consolidated.

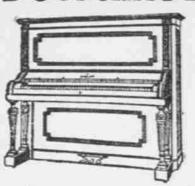

The Fort Smith and Western is owned by H. C. Frick.

The Muscoge-Southern splits the Arkaneas Valley for 100 miles and would be a valuable consolidation for Muscogee Southern. The president of the Muscogee-Southern stated to-night be had no information on the subject and was not aware what action had been or would be taken by the owners of his property.

When the Muscogee-Southern is extended northwest from Muscogee the two properties will hold a commanding position in Indian Territory railways.

F. M. McDaniel a Suicide Carthage, Mo., Oct. 4-F. M. McDaniel a wealthy miller, 66 years old, committed suicide to-day by drowning. His mind had falled and he feared confinement in an asylu-

John C. Nelson, Flourishing Revolver, Defies Residents of Fenton, St. Louis County.

TIE HIM UP WITH ROPES.

Six Men, Making a Combined Attack, Overpower a Drunken Employe of Banker Living at Normandy.

After terrifying the town of Fenton with a revolver for an hour, John C. Nelson was finally subdued yesterday afternoon at I o'clock by six men and tied down with ropes until the arrival of Constable Nicholas Schumacher, who took him to Clayton and turned him over to Sheriff Hencken. Nelson is an employe of Louis C. Nel-

son, a St. Louis banker who lives at Nor-mandy, but is not related to him. Yeserday morning he started out in Mr. Nelson's runabout to have a good time. He imbibed much liquor until be arrived at Penton, and announced his intention of cleaning out the town. To show that be meant business, he pulled a 38-caliber revolver from his pocket and flourished it in such a threatening manner that the

then another, yelling and calling upon the natives to come out and fight him. He offered to whip the whole town singleanded. No one would accept the challenge, but finally six men got together on the enemy.

Nelson walked first up one street and

natives fied in dismay.

when they finally overpowered him and threw him to the ground, half of his When they have the ground, half of his clothes were gone, having been torn off in the scrimmage. Other Fenton residents brought a rone with which the lone warrior was ted down to the ground. A warrant was insted against him by Justice Stahlbuth charging him with disturbing the psace and carrying concealed weapons.

SHE PLACED THE SHELL IN BUCKET OF WATER.

Exhibit at Macon Carnival Recalls a Woman's Herolam in Time of Danger.

REPUBLIC SPECIAL was lodged amid the peaceful collection of old relics displayed at the carnival last week. It was a shell fired from Collins's battery at sunrise, October 15, 1864, into the town of Glasgow, on the Missouri River. There was a garrison at Glasgow and on the evening of the 18th General Joseph Shelby was ordered to take two pieces of artillery and 200 men and open fire on the town at daybreak. The Confederates were on the opposite side of the river, and the "sunrise gun" turned the terrified inhabitants out in short order. An attack had been expected for several

days, and the women and children slept lightly.

The shell on exhibition is said to be the first missile fired. It had a percussion cap, which dropped off during its flight through the air. Had it not, a nouse containing twenty-five persons would have been blown up. The shells alighted at the front door of S. S. Stoppe's residence.

Mrs. Stoppe was up and about. She had read of shells that were exploded by time.

fuses, and supposed the unwelcome visitor would soon introduce itself after its man-

would soon introduce itself after its manner.

Run? Not she. She had that shell in a bucket of water inside of thirty seconds and carried it out in the yard. Then the calmly awaited to see what it would do. It didn't do a thing then, and has never done a thing since. It stands as a memorial to her courage and prompt willing ness to risk her life to save others.

She was a bit disappointed when some one told her afterwards that there was no danger in the shell if it struck without exploding instantly. But she did not know that when she ran for her water bucket, and her act was of as great intrepidity as if the shell had been of the sort that came sizzling through the air with fuse glowing and disaster impending.

The old shell is rusty now, and pieces may be scaled off with a knife, as Mrs. Stopos had kept it in water a year or so after its reception. It is the shape of a cigar cut in half, with a hole ins size of a mickel in the small end for the cap. Mrs. Stopps referred to it as her "present from General Shelby."

Mrs. F. M. Taylor of this city, daughter from General Shelby."

Mrs. F. M. Taylor of this city, daughter of Mrs. Stopps, exhibited the shell at the carnival here.

STATES HAMMOND ADMITS THEFT OF MAIL POUCHES.

J. M. Parland, Pinkerton Superintendent, Claims to Have Obtained Statement From Dying Man.

Denver, Colo., Oct. 4.-Albert E Bell. alies Hammond, who lies at the point of death in St. Anthony's Hospital, has, according to James M. Parland, manager of the Western division of the Pinkerton agencies, confessed to having stolen two mail pouches and committed two for-

The room in which Bell is confined in carefully quarded, although the man is too weak to escape, even though the opportunity be offered, the physicians state. Mrs. Bell remains shut in a room and re-

fuses to make a statement.

The Denver police authorities will not say what will be done with Bell in the say what will be done with Bell in the event of his recovery. It is probable, that he will be taken to either Springfield Junation or Germantown to answer charges of having robbed the United States mail. Superintendent Farland states that Bell admits passing forged checks on the Lincoln Trust Company of St. Louis and on the Asbury Park Bank, Asbury Park, N. J.

POSTAL CLERKS' ELECTION. Discuss Plans for National Con-

vention in St. Louis. The local organization of the United National Association of Postal Clerks met yesterday afternoon at Bowman's Hall, Eleventh and Locust streets, and elected officers for the year, as follows:

second vice president; Leon Vaucher, third vice president; Thomas B. Harrison, recording secretary; J. J. Peyton, financial secretary; C. C. Miller, treasurer; R. Balmer, sergeant-at-arms.
At the amoker that followed the busi-At the amoker that followed the business meeting arrangements were discussed for the National Convention of the association that meets in St. Louis during the World's Fair, September 4, 1994. The membership of the local organization numbers 458. The total membership of the National Convention is more than 10,000.
